Conduct

All school conduct codes for the regular school year are in effect during summer school. Dismissal from summer school based on these codes is the decision of the Summer School Administration. Students are expected to behave in a manner that does not disrupt the learning process. Summer school is an optional program; therefore, behavior infractions will not be tolerated. ***Students who engage in inappropriate conduct will be removed from the summer school program by the administration.***

Student Dress

Appropriate dress is required. All school dress codes are in effect for summer school, including but not limited to:
